"DEAR MRS. PINKHAM:—I have never in my life given a testimonial before, but you have done so much for me that I feel called upon to give you this unsolicited acknowledgment of

MRS. JENNIE E. O'DONNELL, President of Oakland Woman's Hiding Club, the wonderful curative value of Lydia E. Pinkham's Vegetable Compound. For eight years I had female trouble, falling of the womb and other complications. During that time I was more or less of an invalid and not much good for anything, until one day I found a book in my hall telling of the cures you could perform. I became interested. I bought a bottle of Lydia E. Pinkham's Vegetable Compound and was helped; I continued its use and in seven months was cured, and since that time I have had perfect health. Thanks, dear Mrs. Pinkham, again, for the health I now enjoy."—MRS. JENNIE O'DONNELL, 278 East 31st St., Chicago, Ill. —\$5000 forfeit if above testimonial is not genuine.

A KING IS MOBBED

Socialists Surround the Automobile of Leopold of Belgium.

FLAUNTING RED FLAGS

The Disturbed Ruler Finds Safety in Precipitate Flight and Escapes From the Mob.

Socialistic Uprising Gives Grounds For Predictions of An Early Revolution.

Brussels, April 10.—King Leopold was mobbed by socialists yesterday afternoon on his arrival here from Biarritz. The meeting between the socialists and the king was quite accidental, but it was none the less unpleasant for his majesty, whose automobile was surrounded by excited socialists.

The mob shouted: "Long live the republic." "Long live universal suffrage," and waved red flags in the king's face. The socialists had collected at the railroad station to bid farewell to the members of a delegation of Spanish republican deputies who had attended the socialist gatherings here, and who had participated in Tuesday night's demonstration. The police yesterday informed the Spaniards that they must leave Brussels forthwith, and the delegates were escorted to the station by a large gathering of socialists bearing red flags. The king happened to arrive at the same time and had difficulty in getting his automobile out of the crowd, but he finally found an opening and outdistanced his pursuers.

King Leopold has been troubled for some time by signs of a revolution in his kingdom. The socialists, who are numerically very strong and who have in their political organization not alone agitators, but peaceful, quiet citizens also, are fighting hard to obtain universal suffrage on the one-man one-vote principle.

The discussion going on in parliament concerning the revision of the constitution has become so warm that the authorities on several occasions have deemed it necessary to call out cavalry troops to prevent any revolutionary attempt. There are those who predict that a Belgian republic is not far off. In the chamber of representatives yesterday M. Fumemont, socialist, gave notice of his intention to interpellate the government on what he termed a "gross breach of international hospitality" in expelling the Spanish deputies. The socialist incident has aroused intense excitement and there are fears of further disturbances and complications. The minister of war, General Consekant Alkemade, has ordered the militia reserves of 18 regiments to be in readiness to rejoin the colors, and gendarmes of all the divisions are held in instant readiness to march wherever required.

The anti-Catholic agitation culminated in a riot here last night. A thousand socialists attended a meeting at the Maison du Peuple and after marching to Sentin street, where they stoned the house of a Catholic deputy. The police charged the rioters with drawn swords. Several of the latter were severely injured and 20 were arrested.

The smashing of windows, revolver firing and other disorders continued throughout the evening. A crowd of rioters, marching toward the suburb of Schaerbeek, drove the policemen into a cafe. The rioters looted this cafe and wounded all three of the policemen by revolver shots.

Trouble at Liege.

Liege, Belgium, April 10.—A procession of 1,500 persons met the delegation of Spanish republican deputies who were expelled from Brussels when they arrived at the railroad station here. The Spaniards were given a riotous welcome, but the gathering was dispersed by the police. Four persons were injured.

Worked His Way Back.

San Francisco, April 10.—John C. Healy, a young Harvard student and son of a prominent Cincinnati attorney, who disappeared in a mysterious fashion seven years ago, returned here from the Orient a few days ago and is now with his mother and sister at Coronado, Cal. Young Healy was sent to Harvard to study for the law, but preferred travel to study and set out to see the world. Nothing was heard from him until a few days ago, when he landed here from the Orient, having worked his passage as a stoker on a government transport.

PROTRACTED DEBATE

Cuban Reciprocity Will Hold the House For Awhile.

Washington, April 10.—The feature of the second day's debate in the house on the Cuban reciprocity bill was an impassioned speech in opposition to the measure by William A. Smith, a Michigan Republican. Senators Spooner and Quarles of Wisconsin and Dolliver of Iowa and a group of Michigan beet sugar manufacturers in the gallery were in his audience, and he was liberally applauded by his Republican supporters as he assailed the Republican leaders who were advocating the bill, boldly charging them with being false to the Republican doctrine of protection. He announced that he was willing to vote to overrule the chair in order to prevent an amendment to take the differential refined sugar. Mr. Morris of Minnesota, another Republican who made a strong speech against the bill, also made a similar announcement. The Democratic and Republican opponents of the measure are trying to get together on the proposition to take the differential off refined sugar. The indications are that the debate will be protracted. The demand for time to speak is great and there is now no expectation that general debate will be completed until next week.

In the Senate.

Washington, April 10.—Throughout yesterday's session of the senate the Chinese exclusion bill was under consideration.

RIOUS STUDENTS

Kentucky Technical College the Scene of Strange Doings.

Lexington, Ky., April 10.—Insurrection at the Kentucky agricultural and mechanical college here came to a climax Tuesday night when in the dormitory Commandant Robert A. McKee was knocked down, deluged in water and egged by a division of cadets. After the evening inspection he was leaving the dormitory when a bucket of water was thrown over him from a second-story window. He reentered the building and ordered the division to fall in. The order was obeyed, but suddenly the lights went out and he was knocked down, pounded with bad eggs and water poured over him. Yesterday he resigned, and in chapel President J. K. Patterson announced that he would take charge of the military department for the present. Commandant McKee was a captain in the Spanish-American war and was appointed to this office last September.

A reporter who visited the college yesterday to investigate the matter was egged, rocked and finally marched from the grounds by a crowd of about 200 excited students. Their reason for treating him thus was the objection to the matter being made public. The faculty is investigating the two incidents and endeavoring to learn who were the participants.

TOOK NO CHANCES

Rather Than Face a Beating This Woman Killed Her Husband.

Wellington, Kan., April 10.—In Grant county, Oklahoma, just across the line from here, Mrs. Poples, a Bohemian, is reported to have killed her husband by driving a nail into his head. Poples, who was a farmer, went home drunk and after ordering his wife to get supper, went to sleep with his head leaning against a pine partition. When supper was ready the woman tried to wake him but failed. Fearing that he would beat her again when he awoke for not calling him, she drove a nail through from the other side of the partition into the man's head, killing him. Mrs. Poples made no attempt to escape.

Prepared a Surprise.

Minneapolis, April 10.—Just as her husband entered the gates of St. Anthony cemetery, where she had summoned him yesterday, Mrs. Annie Schloss, standing among the graves, fired a bullet into his head. She died several hours later in a hospital. She left home the evening before after a quarrel with her mother. This quarrel is the only known cause for the suicide.

Yoring By Machinery.

Terre Haute, Ind., April 10.—The county commissioners have offered to the city the use of six voting machines at the city election to be held next month.

A WARM GREETING

Charleston Pays Many Marks of Honor and Esteem to the President.

GUEST OF EXPOSITION

The Nation's Chief Executive Greeted By Thousands At South Carolina's Pridelful Show.

Incidental to the Day Maj. Jenkins Is Presented With a Handsome Token of Regard.

Charleston, S. C., April 10.—Greeted and honored by manifestations of the respect and esteem of enthusiastic thousands, President Roosevelt was the guest of the South Carolina Interstate and West Indian Exposition yesterday. The weather was ideal. The events of the day began with a grand procession through the streets of Charleston and afterward there were speeches in the exposition auditorium, the presentation of a sword by the president to Major Mich Jenkins, a luncheon at the woman's building and inspection of the grounds and buildings. The enthusiasm of the people was unbounded and there was standing-room only on the sidewalks and porches and doorways and in the wide piazzas of the houses along the line of march.

The parade was composed of marines, seamen, cadets, artillerymen and militiamen of four states under command of Colonel Charles Morris, U. S. A., of the garrison at Sullivan's Island. When the president entered the auditorium he bowed and smiled his acknowledgments to the cheering which greeted him from 10,000 throats.

Flags and bunting were draped within the building and dais erected for Mr. Roosevelt was covered with a large flag. The audience heard the speaker with attentive appreciation and cheered to the echo many of the sentiments expressed, but the president was the center of attraction at all times. President Roosevelt's incisive, clear-cut words never fell on more attentive ears.

At the conclusion of the president's speech President Wagener announced that the friends and admirers of Major Jenkins in South Carolina wished to present a sword to him on this occasion, and introduced Governor Thompson to the audience. The former governor was greeted with enthusiastic applause as he stepped forward. Renewed applause marked the close of the former governor's address, and this swelled to an overwhelming greeting as the president came forward with evident delight, and, taking the sword from the hands of Governor Thompson, turned to Major Jenkins, who was in the undress uniform of a major of Rough Riders, and presented it to him with a ringing ad res.

After the exercises in the auditorium the president and his party made an inspection of the different buildings and viewed all the exhibits they could see in the limited time at their command. Before the inspection all the buildings were cleared of visitors as far as possible by the United States marines. Guards were at the doors of buildings and while the president was in a building no one was allowed to enter.

A luncheon at the woman's building was the closing event in the president's visit. Mrs. Sarah Calhoun Simmons, the president of the woman's building, proposed the health of the president, who in turn toasted "The men and women of Charleston." He said that he had enjoyed every minute of his stay, that it was impossible to do justice to the hospitality of Charleston, adding: "I mean every word that I say." The president and party then boarded the special train on the Southern railway at the exposition station and departed for Summerville.

Fears of Flood.

Cumberland, Md., April 10.—The Potomac river is rising, although not rapidly, as the snow is melting slowly. Such a volume of snow so late in the season has never before been known and the worst is feared when it commences to go off with a rush. Snow has fallen at Fairfax, Va., to the depth of 32 inches.

Boers Disheartened.

Pretoria, April 10.—The British are making preparations for a great series of "drives" on the arrival of reinforcements. The general outlook for the Boers is said to be most disheartening. It is thought here that the bulk of the rebels are only waiting a promise that they will not be banished to come in and surrender.

Once More at Liberty.

Eldorado, Kan., April 10.—After an imprisonment of eight days in the county jail, Jessie Morrison, awaiting her third trial for the murder of Mrs. Olin Castle, was yesterday released on \$10,000 bond. There were four signers to the bond who qualified for \$50,000.

A Triple Tragedy.

Everett, Wash., April 10.—Mrs. Shepard R. Bucey, wife of the assistant cashier of the American National bank, last evening killed her husband, their 4-year-old son and herself in a fit of insanity.

GENERAL SORROW

Great Demonstration at the Funeral of Cecil Rhodes.

Buluwayo, Matabeleland, April 10.—After an impressive service held at the drill hall yesterday by the Bishop of Matabeleland, the coffin containing the remains of Cecil Rhodes started on the last stage of its journey to the Matoppos Hills.

At this service there occurred a remarkable demonstration of sorrow in which the whole surrounding country participated. Hundreds of persons were turned away from the drill hall, which was crowded to its utmost capacity, and thousands of voices in and around the building took up the funeral anthem.

The streets through which the funeral procession passed were lined with troops, and everybody fell in behind the coffin as soon as the cortege left the town limits. The entire population of Buluwayo took part in the procession, leaving the town deserted. The body passed the night in a hut on the summit of the Matoppos Hills, in which Cecil Rhodes once lived.

SANGUINARY BATTLE

Chinese Government Forces Drive Back the Hebeis.

Hong Kong, April 10.—Advices received here from Liu Chow say that the imperial general Ma and Marshal Su have defeated the Kuang-Si rebels in a sanguinary battle at Kong Chuen. The imperial army was first driven back, when General Wong with three quick-firing guns and two Maxims arrived on the scene and turned the tide. The rebels retreated to the mountain strongholds, whence they have been making occasional sorties. Marshal Su is blocking the roads to the sea-ports from which the rebels have been deriving their supplies. The rebellion inland is spreading.

The Manchurian Convention.

Washington, April 10.—A cablegram received at the state department from Mr. Bainbridge, the second secretary of legation at Peking, confirms the news report of the signing of the Manchurian convention at Peking by representatives of the Russian and Chinese governments. The next step in the Chinese matter is the evacuation of the powers of Tien Tsin and Russia has promised that when this is done she will evacuate the important Manchurian treaty port of Nieu Chwang. It is hoped that these things would be well on toward accomplishment by next summer.

A Brutal Murder.

Detroit, Mich., April 10.—Just before midnight the most brutal murder of recent years in this city was committed on Thirteenth street between Antoinette and McGraw streets. A young girl who has not yet been identified was stabbed and pounded to death. Her throat was cut from ear to ear, a knife was thrust into her brain behind the ear, and a dent in her forehead showed that she had been clubbed. There is no clue to the identity of the murderer.

MASONIC MEETING

South Bend Getting Ready to Entertain the 44th Annual Conclave.

THE KNIGHTS TEMPLAR

Indiana Grand Commandery Will Make An Imposing Show At the Coming Meeting.

It Is Expected That Two Thousand Plumed Knights Will Be In Line.

South Bend, Ind., April 10.—South Bend is making elaborate preparations for the 44th annual conclave of the Grand Commandery Knights Templar in this city Wednesday and Thursday, April 16 and 17. About 45 commanderies will be represented. It is expected that about 2,000 knights in uniform will be in attendance and Gov. Durbin is expected to be among the visitors. Hon. Leonidas P. Newby of Knightstown, right eminent grand commander, will preside over the business meeting which will be held in Masonic hall. A few commanderies have reported the number they will send to this conclave, as follows: Indianapolis, 50 swords; Fort Wayne 50, Warsaw 20, LaPorte 30, Kendallville 40, Logansport 50, Crawfordsville 40, Plymouth 30, Michigan City 30, Anderson 50, Delphi 25, Benton Harbor 50 and Niles 40.

WANT THE FACTS

Michigan City Business Men Urge Prison Investigation.

Michigan City, Ind., April 10.—The people here are satisfied now that there is to be an investigation of the affairs at the state prison, and they are glad of it. There has been so much talk that the business men feel that the affair is a reflection on Michigan City, as well as on the prison, and they want the truth to be known, no matter what happens. Several business men say that the story of the killing of Convict Lee by Guard Herick is an outrageous falsehood, and ask that the facts be stated. The printed story was that Lee was murdered in cold blood. The facts are that Lee assaulted Herick with an iron bar and had almost brained him. Herick, as he was falling, unconsciously fired and killed Lee. This is Herick's home and he is well esteemed, and the story printed so enraged his friends that if Dr. Horne had been here when the story arrived he would have been called to account for it.

Point Not Well Taken.

Indianapolis, April 10.—A judgment for the defendant in a suit against the Big Four railroad for penalties for violating the "blackboard law" has been affirmed by the supreme court. The prosecuting attorney of Fountain county discovered that the blackboard used for announcing the arrival of trains at Veedsburg was six inches too short and two inches too narrow. He brought suit for penalties amounting to \$35,000, asserting that by failing to use a blackboard of the proper size the company had incurred the same liability as if it had never bulletined the arrival and departure of trains at all. At the same time he sued for \$15,000 of penalties for the use of similar blackboards at other stations.

Holding Suspects.

Claypool, Ind., April 10.—E. B. Hall of Marco and Joseph Brown of Packeron are in charge of Sheriff Smith of Warsaw, and they will be held until they can give satisfactory account of their whereabouts on the night that the attempt was made to rob the Claypool bank. The sheriff expects to capture other parties that he thinks were interested in the attempted robbery, and believes the case will soon be cleared up.

Killed the Moths.

North Manchester, Ind., April 10.—The home of Mrs. H. R. Nagle was nearly destroyed by fire. In an effort to destroy moths, the family had saturated the floor and woodwork upstairs with gasoline, and was preparing to burn brimstone and sulphur in the rooms as an additional remedy. On bringing in a shovelful of coals the gasoline ignited and an explosion and fierce fire followed.

HON. JOHN W. FOSTER has been chosen as the chief orator at the dedication of the soldiers monument at Indianapolis, May 15.

The contract for the building of the new Federal building at Indianapolis has been awarded to John Prince, of New York. Caldwell & Drake, of Columbus, were next lowest bidders. Indiana limestone will be the principal material used.

HENRY BRUNING was here today trying to interest the democratic brethren in his race for recorder but he finds it a difficult task. If he does not fare any better than did his brother in his race for city marshal he will conclude that the Bruning family has been tabooed by the local democratic statesmen.

That was a doubtful compliment the Democrat paid to F. W. Wesner, when it said that he is "peculiarly adapted to the duties that essays to court." Essay, according to Webster, means: "To exert one's power or faculties upon; to attempt; to endeavor; to make an experiment or trial of; to try." When one looks up the meaning of this term it seems likely that the Democrat is making fun of Wesner.

IMPERIALISM may trouble some democrats but it does not seem to worry Ed Jennings or apply to his case. For the fourth time he has been nominated for city clerk and the indications are that he is not through yet. You can safely count on him being a candidate again the very next chance he gets. Evidently Ed does not object to the principle of imperialism if he is drawing the salary.

The speech of President Roosevelt at the Charleston Exposition will be read with interest throughout the country, because it is his first public address since he succeeded to the presidency. The people will be eager to know the sentiment he expressed to the southern people. The address will not be disappointing for it is admirable in thought and diction and according to dispatches was delivered with the President's accustomed energy and patriotic enthusiasm.

TOMORROW, Friday, is the date of the democratic county primary. Candidates for representative, treasurer, recorder, sheriff, coroner, surveyor and two commissioners are to be nominated. The only contests are for recorder and commissioner of the first district. Henry Bruning would like to succeed himself as recorder, but Mack Isaacs would like to carry the keys to that office for four years himself and he is making a vigorous fight for it. To an outsider it looks like Isaacs has a little the best of it, but if Bruning could succeed in stirring up his friends here it might be different at the count out. In the race for commissioner in the first district John W. Downing and H. F. Wm. Hackman are entered. Both have been actively at work campaigning for weeks. Downing may be able to win but we doubt it.

The season's lecture course which closed last night was quite successful in spite of numerous obstacles that confronted the management. Those who labored so faithfully for the success of the course deserve the thanks of the community. We should have even a better course next year.

Campaign Committee.

Washington, April 10.—The Republican congressional campaign committee at a meeting last night at which Representative Mercer of Nebraska presided, unanimously re-elected the old officers as follows: Representative Babcock of Wisconsin, chairman; Representative Sherman of New York, vice chairman; Representative Overstreet of Indiana, secretary; Colonel W. M. Thompson of this city, treasurer.

The Boat Capsized.

Pittsburg, April 10.—By the capsizing of the tow-boat Acron last evening, Captain Sam Silvey, a wrecker, and Lee Legg, a fireman, were drowned. The cook, Nora Tromm, was under water while the wreck floated two miles down the river. When found she was unconscious, but after hard work was resuscitated.

Advance Prayers.

A young Germantown mother in putting her five-year-old son to bed noticed that he clambered under the covers without saying his prayers. She grew reproachful. "Why, Warren, mother never knew you to forget your prayers before."
"Indeed, mother," was the reply, "I didn't forget. Grace and I said them for four nights during the rain yesterday, when we couldn't play. We would have got through the whole week if nurse had not come to dress us."

Stone Throwing.

A propensity to throw stones regardless of consequences has been one of the earliest signs of natural depravity among men since time began and, we fear, must continue that way until the millennium ushers in the era when bad boys are no more and stones are confined to their proper and legitimate uses.

Anyways, the mischief wrought by this vicious and execrable habit looms up into serious proportions when the figures are given out by plate glass insurance men showing that it costs not less than \$250,000 a year to make good the losses thus caused by reckless boys in this country alone.

With stone throwing costing \$250,000 a year, carelessness in setting fires costing hundreds of millions more and heedless accidents causing immense sacrifice of property, the good people have many bills to foot which ought not to be theirs.—Leslie's Weekly.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Elgin, N. Y. The regular fifty cent bottle of Swamp-Root is sold by all good druggists.

GRATIFYING COMPARISONS.

The progress which Indiana is making in the economy of managing its charitable and correctional institutions may be noted in part by comparing the statistics presented by the bulletin issued by the board of state charities at the close of fiscal years considerably wide apart in point of time. The number giving the statistics of expenditure during the year ending Oct. 31, 1901, was published last week, thus affording a comparison of some items of cost and financial statistics with those of the fiscal year which ended Oct. 31, 1891. Take the hospitals for the insane: The average cost of maintenance per capita during the year which ended Oct. 31, 1891 was \$227.38, while the same for the fiscal year ending Oct. 31, 1901, was \$173.87—a decrease in 10 years of \$53.51. This marked decrease cannot be attributed to a lower range of prices during the year 1901 than prevailed 10 years earlier, since for many lines of goods consumed by such institutions the market prices were higher during 1901. If it had cost as much per capita during the fiscal year which closed last October to support the inmates of the insane asylums as it did ten years earlier the bills would have been \$193,010.57 more than they were. It need not be observed that \$193,010.57 is a good lot of money to save in the expenses of one series of institutions.

The average per capita cost of maintaining the Soldiers' and Sailors' Orphans' Home, the Institution for the Deaf, the Institution for the Blind and the School for the Feeble-minded during the fiscal year which ended Oct. 31, 1891, was \$222.79. The State Soldiers' Home has been added since but the per capita cost of the maintenance of all these institutions for the fiscal year ending Oct. 31, 1901, was \$174.33—a decrease during the decade of \$48.46 per capita. If the cost per capita of maintaining the wards of the state in these institutions had been as much per capita last year as ten years ago, the whole number, 2,446, would have cost the taxpayers \$118,343.16 more than it did.

The state has four correctional institutions. One of the prisons has been changed into a reformatory, which requires more expensive methods. During the year ended Oct. 31, 1891, the average cost of the maintenance of the inmates of the correctional institutions was \$134.75 per capita. The figures for last year have not been so carried out that a comparison can be made with accuracy, but the per capita cost during it was less than that ten years earlier. A saving of \$211,353 in the expenses of two classes of institutions during a year, which had 5,849 inmates, is an achievement which is cause for congratulation to all who have had a hand in the work, and not the least by those legislators who gave to the management of the state's institutions business methods for party favoritism.

Governors Mount and Durbin placed able men of both parties on the boards of these institutions, and, with other state officers, carried the new laws into effect both in letter and spirit. To the state board of charities and their secretary, Mr. Butler, too much credit cannot be given for the small part of their achievements which the figures here used present.—Indianapolis Journal.

HE'S NOW A REPUBLICAN

Son of a Former Prominent Democrat Citizen of Pulaski County.

Winamac Republican: Lee Randall of Logansport, son of Richard Randall, a former and well-known resident of Winamac, was up from Logansport a few days last week to visit with his mother, who has been quite sick. Mr. Randall stopped in the Republican office for a short chat before returning to his work at Logansport Monday. "I am a Republican now," said Mr. Randall, "I was brought up a Democrat, and believed that way for a while, but the prosperity, the opportunities to get work and make money are all so apparent under Republican times, I have changed. I have to work for my living. I see the Republican party helps me, and I believe in voting for my own interests." Mr. Randall's frank statement will voice the sentiment of many other young men, who have learned by experience that it's easier to get ahead in prosperous times than during an era of low prices and cheap labor.

We must not be too prodigal of our opportunities, or of our resources. We may well husband them for the future. Not for those of us who stand here today, but for those who shall follow us and to whom we owe a supreme duty.—Extract from the notable Chinese exclusion speech of Senator Fairbanks in the United States Senate.

A Valuable Medicine.

FOR COUGHS AND COLDS IN CHILDREN. "I have not the slightest hesitancy in recommending Chamberlain's Cough Remedy to all who are suffering from coughs or colds," says Chas. M. Cramer, Esq., a well known watch maker, of Colombo, Ceylon. "It has been some two years since the City Dispensary first called my attention to this valuable medicine and I have repeatedly used it and it has always been beneficial. It has cured me quickly of all chest colds. It is especially effective for children and seldom takes more than one bottle to cure them of hoarseness. I have persuaded many to try this valuable medicine, and they are all as well pleased as myself over the results." For sale by C. W. Milhous.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Kodol

Dyspepsia Cure

You need all kinds of food to maintain the body. Curtail this variety and some organ is underfed. It is for this reason that a diet is injurious. If you cannot digest good food your stomach is out of order and needs rest. You cannot go without food for that would mean starvation. Kodol Dyspepsia Cure will digest what you eat without the stomach's aid. Take it and you can rest your stomach without interrupting digestion. It is nature's own remedy. Never fails. Anderson Riggs, Sunny Lane, Tex., says: "I was troubled with indigestion ten years and tried many things and spent much money until I tried Kodol Dyspepsia Cure. I am now feeling better than in five years and more like a boy than in twenty."

gerously ill. Mrs. Spears is also
quite sick.

LATER—The child died this after-
noon.

Locusts Coming.

Warnings are being sent out by the
State Commissioner of Agriculture all
over the northern and eastern part of
the United States against the great
swarm of seventeen year locusts,
which will make its appearance next
month. After sleeping under ground
for nearly two decades the insect will
come out in May in enormous num-
bers, and fruit growers, especially,
will have reason to fear for the safety
of their trees. Indiana is said to be
the worst place on the map for the
pests and State Geologist W. S.
Blatchley is keeping a close lookout
for the insects.

APPOMATTOX DAY.

Appropriately Observed By the
Union Veteran Legion.

The anniversary of the surrender of
General Lee to General Grant was ap-
propriately observed by the Union
Veteran Legion last night. The mem-
bers of the U. V. L. with their families
met in their hall in the Masonic Tem-
ple, there being a sufficient number
present to crowd the hall. The pro-
gram which had been prepared in ad-
vance was especially appropriate to
the occasion and was listened to quite
attentively.

Splendid addresses were delivered
by Rev. Thos. Jones and Rev. E. R.
Vest and excellent music was furnished
by the Christian church choir. The
ritualistic services were conducted by
the members of the Legion. The entire
program was appropriate and fitting
the observance of an eventful day in
the history of our country.

DIED.

PRICE—Mrs. Matilda Price, wife of
Michael Price, died at the family resi-
dence in the northwest part of the city
at 4:30 Wednesday evening, April 9.
She has been in declining health for a
long time and for months had been a
great sufferer. Mrs. Price was an es-
timable woman and had many friends.
Mrs. Price was born in Hanover,
Germany, Dec. 16, 1838, making her
age past sixty-three. She was married
to Michael Price, December 10, 1857
and to them were born nine children,
five of whom are dead. Among the
living children are George and Henry
Price of the firm of Price Brothers.
Mr. and Mrs. Price have resided in
Seymour since 1872, having moved
here from Ripley county.

Funeral Friday afternoon at 2 o'-
clock from St. Paul's church con-
ducted by Rev. F. Daries. Burial at
Riverview cemetery.

SPARS—Ruth Spars, little daugh-
ter of Mr. and Mrs. Jacob Spars,
died this afternoon at the family home
on North Broadway. The child was
about four and a half years of age.

Smooth Swindler.

A smooth swindler is getting in his
work in the southern part of Hancock
county in a very singular manner.
He approaches the best families and
makes them believe he is writing a
family history of the leading families
of the county. After hours of ques-
tioning and writing, he asks the head
of the family if he is willing to sign
his name to a statement which allows
him to publish the history.

The agreement is generally signed
by the proper person which turns up
later for an order for a \$15 history
already published. After threatening
suit the case is generally compromised
by the party taking a book or paying
a portion of the money and taking it.
If an individual approaches you and
insists in prying into the history of
your family give him plenty of rope
and you will be the richer in the end.

Ordinary household accidents have
no terrors when there's a bottle of Dr.
Thomas' Electric Oil in the medicine
chest. Heals burns, cuts, bruises,
sprains. Instant relief.

The Lecture.

The lecture last night by Prof. W.
J. Clarke on the "Wonders of Modern
Science" was largely attended,
the crowd completely filling Armory
Hall. The lecture exemplified in a
measure many of the interesting sub-
jects in science that are now engaging
the public attention. The explana-
tion of wireless telegraphy was prob-
ably the most interesting. This was
the closing number of the alumni lec-
ture course which has been on the
whole quite successful. The public is
under obligation to those who have
had the course in charge and have
worked so faithfully to give the people
of Seymour a series of high class lec-
tures and entertainments.

Mortgage Deductions.

Every person having a mortgage on
his property is entitled to a deduction
on the assessor's rolls up to the sum
of \$700. But this deduction must be
arranged for, according to law, in the
month of April and must be renewed
every year.

A WORLD WIDE VICTORY.

The recent victories of the house of Baldwin at the Paris Ex-
position give to its products a value and prestige not possessed by
any other American piano. The grand Prix awarded the Baldwin
Piano is an honor coveted by all the manufacturers of the world,
but which has never been bestowed upon any American piano ex-
cept the Baldwin. The Silver Medal awarded the Hamilton pianos
and organs shows the estimate of the International Jury of these
Standard Instruments. The fifteen other awards [gold, silver and
bronze medals, and honorable mentions], serve to emphasize the
superiority and the ingenious embodied in these instruments.

A REVELATION.

When One Goes for Months Without Getting a Good Night's Sleep Release is Sweet.

Take away sound refreshing sleep and you rob nature of its most necessary requirement. Feeding and building up time that's why so many people find their standard of strength waning when they can't sleep well. One symptom after another creeps in and serious ailments follow, that is what makes so many feel and look older than they are. The perfecting of Dr. A. W. Chase's Nerve Pills is a revelation to this kind. Mrs. J. A. Russell of 19 East 2nd St., Seymour, Ind., says: "I was troubled with severe nervousness and sleeplessness. I heard of Dr. A. W. Chase's Nerve Pills and thought I would try them. I got a box of the pills at A. J. Pellens drug store and after taking part of the box I can say the results were quite satisfactory. I think the pills a splendid nerve tonic."

Dr. A. W. Chase's Nerve Pills are sold at 50 c. a box. Dealers are Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature A. W. Chase, M. D. are on every package.

CERTAIN RESULTS.

Many a Seymour Citizen knows how sure they are

Nothing uncertain about the work of A Doan's Kidney Pills in Seymour. The testimony of citizens. Such evidence should convince the most skeptical doubter. Read the following statement.

Mrs. James Pollard of 501 Cincinnati avenue, says: "I know that my back stopped aching and that my kidneys have not bothered me since I used Doan's Kidney Pills, sold at C. W. Milhous' the druggist. I had previous to using them, a feeling of languor which made me tired mornings, my back ached all the time and at times I was very dizzy. After the positive results I obtained from these of Doan's Kidney Pills I have no hesitation in recommending this reliable remedy to others."

Better Than Pills.

The question has been asked, "In what way are Chamberlain's Stomach & Liver Tablets superior to pills?" Our answer is: They are easier and more pleasant to take, more mild and gentle in effect and more reliable as they can always be depended upon. Then they cleanse and invigorate the stomach and leave the bowels in a natural condition, while pills are more harsh in effect and their use is often followed by constipation. For sale by C. W. Milhous.
